To: Honorable Chairman Jean Monestime
and Members, Board of County Commissioners

From: Carlos A. Gimenez
County Mayor

Agenda Item No. 8(A)(2)

Subject: Award recommendation for the Non-exclusive Telecommunications and Network Services Management Agreement, RFP No. MDAD-03-14, in an amount not to exceed \$103,717,405.00, for a maximum of ten years

This item was amended at the February 12, 2015, Trade & Tourism Committee to include the supplemental item information clarifying Norstan Communications Inc.'s compliance with the Miami-Dade County Community Workforce Program.

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) approve the award of a Non-Exclusive Management Agreement for Telecommunications & Network Services for the Miami-Dade Aviation Department (MDAD) to Norstan Communications Inc. d/b/a Black Box Network Services, and authorize the Mayor or Mayor's designee to execute the Agreement with the exhibits on file with the Clerk of the Board.

SCOPE

Miami International Airport (MIA) is located primarily within Commissioner Rebeca Sosa's District 6; however, the impact of this agenda item is countywide as MIA is a regional asset.

DELEGATED AUTHORITY

In accordance with Section 2-8.3 of the Code of Miami-Dade County related to identifying delegation of Board authority contained within the subject Agreement, the MDAD Director or designee, has the authority to exercise renewal options, to terminate the Agreement and to exercise all rights and privileges granted to the County.

FISCAL IMPACT/FUNDING SOURCE

The fiscal impact of this award over the contract period of eight (8) years with two (2) one-year renewals is \$103,717,405.00. This amount includes all reimbursable operating expenses and an annual management fee. The contractor will submit an annual operating budget for each fiscal year for approval to MDAD. The contractor's budget will then be incorporated into MDAD's overall budget which is approved by the Board. The annual operating budget contains all approved direct costs of operation such as material, payroll and related expenses; variable and fixed expenses; utilities, bonds and insurance; audits; capital operating equipment; and maintenance. The source of funding for this Agreement is MDAD's operating budget.

Management Fee

The Agreement provides for a management fee of \$6,540,189.00 for the first year based on a staff of fifty-two (52), which includes all overhead and profit. With a 2.5 percent escalation in the third, fifth and seventh year, the ten (10) year management fee for on-site management, maintenance and operations staff totals \$68,402,613.00, which is \$2.2 million below the existing agreement (MDAD-08-06).

Variable Cost

The Agreement also provides for estimated variable costs when authorized by the Department as follows:

- 1) **Procurement of new materials and equipment purchased** – The total cost over the ten (10) years is estimated at \$9,414,814.00, inclusive of Black Box compensation (\$697,394.00) for the procurement of new materials and equipment.
- 2) **Obligations with vendors for all third-party maintenance agreements** - The total cost over the ten (10) year contract period is estimated at \$1,985,752.00, inclusive of Black Box compensation (\$147,093.00) for obligations with vendors for all third-party maintenance agreements.
- 3) **Project management of subcontracts** - The total cost over the ten (10) years is estimated at \$13,238,346.00, inclusive of Black Box compensation (\$980,618.00) for project management of subcontracts.
- 4) **On-call after-hour services** - The total cost over the ten (10) year contract period is estimated at \$1,247,025.00, inclusive of Black Box compensation (1.84 multiplier rate).

The estimated total variable cost, including compensation and the respective service categories above, for the ten (10) years (with exercise of both renewals) of the Agreement, totals \$25,885,937.00 (see Table 1). MDAD has also included a ten (10) percent contingency allowance account of \$9,428,855.00 to mitigate unforeseen circumstances such as additional work, differing market conditions, or other mandated work. The estimated expenditures for on-site management, maintenance and operations staff (52 employees) for the ten (10) years with exercise of both renewals of the Agreement total \$68,402,613.00. The overall estimated total cost for the initial, ten (10) years (including options to extend) of the Agreement is \$103,717,405.00 (see Table 1).

Additionally, MDAD generates estimated annual revenues of \$1,186,869.00 from tenants and users at the MIA through the provision of shared airport tenant services.

TRACK RECORD/MONITOR

Black Box has performed satisfactorily as the contractor under the existing telecommunications and network services agreement with MDAD. The MDAD staff members responsible for monitoring this Agreement are Pedro Garcia, Chief of Telecommunications, and Maurice Jenkins, Director ISD/Telecommunications, Information Systems.

DUE DILIGENCE

Pursuant to Resolution No. R-187-12, due diligence was conducted to determine the contractor's responsibility, including verifying corporate status and that no performance or compliance issues exist. The following searches revealed no adverse findings for the bidding entity: Dun & Bradstreet Comprehensive Insight Plus Report, County Debarred Contractor's Report, State of Florida convicted vendors, delinquent contractors, suspended vendors, and federal excluded parties list.

Black Box has exceeded its Community Small Business Enterprise (CSBE) goal of eight (8) percent under the existing agreement (MDAD-08-06), achieving a CSBE participation of eleven (11) percent through September 30, 2014. **The Community Workforce Plan (CWP) is not applicable due to the fact that this project was work-order driven and all work was less than thirty (30) days, and/or less than \$250,000.00 (as required by the CWP participation provisions).**

BACKGROUND

MDAD solicited proposals from interested parties to provide telecommunications and network management services at MIA and the general aviation airports. Request for Proposal (RFP) No. MDAD-03-14 for Non-exclusive Telecommunications and Network Services Management Agreement was advertised on July 28, 2014. Ten (10) firms picked up the solicitation documents; however, Norstan Communications Inc. d/b/a Black Box Network Services was the sole proposer.

On September 19, 2014, the evaluation/selection committee reviewed the proposal from Black Box and deemed Black Box Network Services a responsible bidder that met the minimum qualifications included in the RFP. After discussing the price proposal submitted by Black Box, the Committee recommended Black Box for negotiations.

The appointed negotiation committee successfully negotiated an agreement with Black Box on October 3, 2014. Through negotiations, Black Box Network Services agreed to an overall ten (10) year Management Fee for on-site management, maintenance and operations staff for a total of \$68,402,613.00, a decrease of \$2.2 million from the existing agreement over the ten (10) year period.

Following a review of the proposal and the successful negotiations, MDAD recommends awarding the Telecommunications and Network Services Management Agreement for the Miami-Dade Aviation Department to Norstan Communications Inc., d/b/a Black Box Network Services.

Black Box will: (i) furnish all labor, new materials, tools, supplies and other items required for the design, installation, maintenance, repair, management and operational support services for all voice and data network infrastructure for MDAD, its users and tenants; and (ii) manage shared airport tenant services for the County to tenants and users at the Airport.

The work includes, but is not limited to:

- Voice and data network services, including configuration and installation of network and voice systems equipment and wireless systems;
- Maintenance of existing and future voice and data networks infrastructure equipment;
- Daily analysis of network performance to research trending and troubleshooting from end point to end point to enable quick resolution of system degradation;
- Capacity planning for all network links, PBX switches and trunk groups;
- Provision of an on-site IT Service Desk dedicated to providing uninterrupted service to airport operations;
- 24-7 access to a remote TAC to help local staff resolve troubles as needed;
- Management of the existing voice and data network infrastructure;
- Maintenance of records as required by MDAD;
- Management of the turnkey installation of new voice, data and network services;
- Billing users for services and specified equipment;
- Needs assessment;
- System design;
- Procurement of equipment and parts; and
- Documentation and reports.

7.1 Preliminary Budget Estimate

Annually, on or before August 1st, the Contractor shall provide the Department with a preliminary budget estimate (the "Preliminary Budget Estimate") for all expenses anticipated to be needed to provide for the Scope of Services in the following fiscal year under this Agreement. The estimate shall be established in good faith, but shall not be a warranty or assurance of any kind regarding the actual expenses which will be incurred. The preliminary budget estimate is intended to allow the Contractor to work with the County in order to assist it in its budgeting for expenses related to the Scope of Services in the following fiscal year. The Contractor shall also provide a projected SATS billing report for the following fiscal year.

The Contractor's price proposal for the Scope of Services (except for future plans) for the System will be the initial Preliminary Budget Estimate, which is attached to this Agreement as Exhibit "F".

The Preliminary Budget Estimate shall include comparisons to the current fiscal year with a summary of all recommended changes in compensation and staffing, if any, and include the following:

- E. The multiplier.
- F. Total prices for Obligations with Vendors.
- G. Estimated total Subcontractor prices.
- H. Estimated total parts and materials prices.
- I. Estimated total Reimbursable Expenses.

7.2 Pricing of Employee Expenses by the Contractor

Contractor shall not change, alter or modify any of the following, without the prior written approval of the Department:

The Department may, at any time, upon fifteen (15) days written notice, require the Contractor to change, alter or modify any or all of the following:

- A. The total number of employees of Contractor paid for by the County according to the provisions hereunder, subject to the provisions of Article 4 entitled "Personnel" of this Agreement.
- B. The classification title and job description of each job to be performed by employees of Contractor hereunder, provided that the County shall compensate the Contractor for any increased compensation due employees as a result of an increase in title or job description, and that no reduction in title or description and associated reduction in compensation may occur which would result in an employee being assigned whose classification level is below that which is proper for the services to be performed.
- C. The number of employees who will be performing each job classification hereunder, provided that the County shall compensate the Contractor for any increased compensation due employees as a result of an increase in the

number of employees, if approved by the County. No reduction shall occur which causes the number of employees performing in a different job classification, to become insufficient to perform the services required in that other classification.

If any such change, alteration or modification results in an increase or decrease in employee expenses, then the compensation as defined in the Payments and Cost Reimbursements article shall be adjusted accordingly by the Department.

ARTICLE 8

PAYMENTS AND COST REIMBURSEMENTS

The monies paid the Contractor shall be determined as set forth in subarticles below, and may be greater or less than the Preliminary Budget Estimate.

8.1 Management Fee:

Basic Scope of Services

Except for the compensation for project management subcontracted services and reimbursements, the Contractor shall be paid a management fee (the "Management Fee") to provide for all of the operations, management, maintenance, service, support and procurement services, including all Obligations with Vendors associated with the telecommunications systems provided in the telecommunications and data network infrastructure, hardware and software systems specification as herein described in this Agreement. This Management Fee shall include: (i) the Contractor's profit and overhead for these Services, (ii) a staff transition cost for the first year of this Agreement, and (iii) all other costs associated with complying with the requirements set forth in this Agreement.

- A. The County shall pay the Contractor, as consideration for managing and providing the services required herein, a monthly Management Fee payable in arrears equal to the total agreed upon number of employees employed during that period, upon billing by the Contractor in accordance with this article. The payment for either a partial month or staffing of less than fifty-two (52) persons shall be pro-rated based upon the price proposal schedule, included as Exhibit "F", to this Agreement.

Such Management Fee may be increased only when the existing work force is unable to perform the services without degradation in the System, and under the following circumstance for additional services rendered:

If, as a result of the County's Capital Improvement Program ("CIP"), the Services provided by the Contractor hereunder increases, and/or when otherwise approved in accordance with this Agreement (for example changes in employees' expenses), the County shall increase the monthly Management Fee in an amount commensurate to the increase in the Contractor's Services. If the Contractor believes that additional personnel are needed to perform the Services, or that Obligations with Vendors need to be added, or that existing Obligations with Vendors need to be changed, the Contractor shall submit a proposal request that includes justification and a cost proposal to the County, and the County may increase the monthly Management Fee accordingly.

The County reserves the right to review the Contractor's operations and if the requirements increase or decrease, the County may correspondingly increase or reduce the Management Fee based upon an addition or reduction in the Contractor's staffing, or change in Obligations with Vendors.

The Contractor shall calculate changes in the Management Fee by using the base salary of the employee according to job classification ("Direct Salaries") as reported to the United States Internal Revenue Services, times a **1.84** multiplier of such Direct Salaries and taking into account changes in Obligations with Vendors. The **1.84** multiplier is all inclusive, and compensates Contractor for all expenses directly or indirectly related to that employee's compensation, including but not limited to, social security, Medicare, health and life insurance, unemployment, all benefits which include fringe benefits including Contractor Holidays, holiday pay, overtime (other than that provided in sub-article 8.3.D), annual, sick, and other types of leave, five (5) – ten (10) days a year technical training at the National Technical Resource Center ("NTRC"), and associated facilities provided to the employee such as vehicles, office equipment, office supplies, furnishing, and test equipment, plus all Contractor's overhead and profit; all of which items are included in the lump sum Management Fee.

- B. The Department shall increase the individual yearly salary for On-site Management Maintenance and Operations Staff (see Exhibit "F"), effective the first day of the third (3rd), fifth (5th) and seventh (7th) years of the Agreement by the percentage increase in the annual United States Bureau of Labor Statistics Consumer Price Index for All Urban Consumers ("CPI-U"), Miami-Fort Lauderdale, as reported for the prior twelve (12) calendar months. For any year subject to a CPI-U increase: (i) if the CPI-U for the prior twelve (12) months is equal to or less than zero, then the individual yearly salary shall not be increased or decreased but shall continue unchanged from the prior year; and (ii) if the CPI-U for the prior twelve (12) months exceeds two and one-half percent (2.50%), then the individual yearly salary shall **ONLY** be increased by two and one-half percent (2.5%). In addition, the cumulative individual yearly salary increases for the Agreement based upon CPI-U, including extensions shall not exceed a maximum of seven and one-half percent (7.5%). Last, the Contractor's payroll multiplier is not to be included in any calculations of individual yearly salary increases based upon CPI-U.
- C. The Department may, but shall not be required to, adjust the salaries of the Contractor's personnel, as may be proposed by the Contractor for specific classifications on a case by case basis to address unforeseen changes in market conditions. However, in no case shall such adjustment exceed the cumulative change in the Consumer Price Index, Miami-Fort Lauderdale, All Items, through the date of such adjustment. In the event that the County does not approve such adjustment, the Contractor shall continue to diligently provide service under this agreement consistent with the expected standard of care.

8.2 Project Management Services

When subcontracting is required, authorized in accordance with the Scope of Services article of this Agreement, and the Contractor has competitively bid the work order(s), the Contractor agrees to an agreed fixed dollar amount of compensation

(the sum of the lowest responsive and responsible subcontractor bids) plus **eight percent (8%)** of the price of the Subcontractor work, as compensation for the Contractor's management of the work supplied.

The County shall have no obligation to pay the Contractor any additional sum in excess of this lump sum amount, except for a change and/or modification to work order(s) approved and executed in writing in advance by the County and the Contractor.

All Services undertaken by the Contractor before the County's approval of the respective work order shall be performed at the Contractor's sole risk and expense.

8.3 Reimbursements

All Reimbursable Expenses shall be approved in advance by the Department. The Contractor shall represent and warrant on each invoice that it submits for payment of a reimbursable item, that it has no interests, directly or indirectly, in the reimbursable products or services that have not been disclosed in writing and approved by the County, and that all direct or indirect discounts related to the purchases have been provided to the County. Payment for Reimbursable Expenses may be requested monthly and shall be made on duly certified invoices listing such expenses and substantiated by supporting documentation. The Contractor shall be entitled to the following direct reimbursements without any additional Contractor's mark-up of any kind except where noted:

- A. Procurement of Material, Equipment and Inventory: The Contractor shall submit to the Department, for each item purchased, the item, the price and a grand total, including the amount of freight and tax, and the work order number. The Contractor shall be entitled to **an eight percent (8%) markup of the price** of the procurement of material, equipment and inventory as compensation for the Contractor's management of these procurement services.
- B. Airport Customs security bond (Exhibit "E").
- C. When an on-site technical training course is requested by the County, the County will pay for the cost of the training class, Contractor's instructor's airfare, lodging and meals during the training session, in accordance with Chapter 25 of Miami-Dade County Code, Aviation Department Rules and Regulations, and Administrative Order 6-1.
- D. In the event that the Contractor responds to calls after normal on-site work hours, the Contractor will be compensated at the respective based rate times 1.5 for personnel for work performed after on-site hours of operation Monday through Sunday and at the respective rate for personnel for work performed after on-site hours of operation on Contractor Holidays as specified in the Technical Specification. If an employee has to come on-site and responds from home to resolve the problem, Contractor will be allowed to bill a four (4) hour minimum for each occurrence. If Contractor responds only to a phone call from home and does not come on-site, Contractor shall be allowed to bill one (1) hour for each occurrence.
- E. The Management Fee described above already incorporates the payment of regular hours of all personnel. For the payment of approved overtime, however, the reimbursement to the Contractor will be paid in the amounts provided in clause (D) above. There shall be no overtime payment for any management and/or supervisory personnel.
- F. Parking reimbursement for Contractor's employees.

8.4 Subcontractors and Obligations with Vendors

Contractor shall incorporate this requirement into all of its subcontracts as well.

34.28 First Source Hiring Referral Program ("FSHRP")

Pursuant to Section 2-2113 of the Code of Miami-Dade County, for all contracts for goods and services, the successful Bidder, prior to hiring to fill each vacancy arising under a County contract shall (1) first notify the South Florida Workforce Investment Board ("SFWIB"), the designated Referral Agency, of the vacancy and list the vacancy with SFWIB according to the Code, and (2) make good faith efforts as determined by the County to fill a minimum of fifty percent (50%) of its employment needs under the County contract through the SFWIB. If no suitable candidates can be employed after a Referral Period of three to five days, the successful Bidder is free to fill its vacancies from other sources. Successful Bidders will be required to provide quarterly reports to the SFWIB indicating the name and number of employees hired in the previous quarter, or why referred candidates were rejected. Sanctions for non-compliance shall include, but not be limited to: (i) suspension of contract until Management performs obligations, if appropriate; (ii) default and/or

termination; and (iii) payment of \$1,500/employee, or the value of the wages that would have been earned given the noncompliance, whichever is less. Registration procedures and additional information regarding the FSHRP are available at <https://iapps.southfloridaworkforce.com/firstsource/> or by contacting the SFWIB at (305) 594-7615, Extension 407 (see Exhibit N).

34.29. Responsible Wages And Benefits

If construction work in excess of one hundred thousand dollars (\$100,000) is required of, or undertaken by the Contractor as a result of this Agreement, the Contractor must pay laborers and mechanics performing work on the project no less than the hourly rates specified in accordance with Section 2-11.16 of the Code of Miami-Dade County, Florida and Implementing Order ("IO") No. 3-24. The Contractor shall fully comply with the requirements of the Code and AO and shall satisfy, comply with, and complete the requirements set forth in this Agreement.

It is also the policy of Miami-Dade County that in all leases of County-owned land which provide for privately funded construction improvements thereon whose construction costs are greater than or equal to \$1 million dollars, any portion of which are financed by any federal, state or local governmental entity or by bonds issued by such entities, including the Industrial Development Authority ("IDA"), shall comply, including requiring the lessee to require any contractor constructing such improvements to pay responsible wages to the same extent as if such improvements were County construction. A lessee must pay the County the monitoring fee(s) for the project according to the sliding scale approved by the Board.

This IO neither applies to County construction contracts less than or equal to one hundred thousand dollars (\$100,000) or blanket County contracts designed to consolidate an indeterminate number of individual smaller construction contracts, repair or alteration activities which may be needed over a fixed period of time, provided the overall blanket contract ceiling does not exceed five hundred thousand dollars (\$500,000) and further provided that no individual work order issued under such blanket contract shall exceed twenty-five thousand dollars (\$25,000) per craft, nor does it apply to County construction contracts which are federally funded or otherwise subject to the Davis-Bacon Act, 40 U.S.C. § 276(a). Furthermore, this IO shall not apply to those privately funded projects on County-owned land for construction or alteration of public buildings or public works which are financed solely through private sources, without one dollar (\$1) or more of financing provided through any federal, state, County or local government entity or bond sources including IDA bonds or similar type bond funding.
